Tübingen, August 21, 2020

Dear Professor Nowak,

It is with sadness that we have taken note of the death of your former University Rector Professor Dr. Franciszek Ziejka. I would like to express my condolences to you and the members of your university on behalf of Eberhard Karls University Tübingen and also in person. Our special sympathy goes to the family of the deceased.

Professor Ziejka was a major initiator of the cooperation between Jagiellonian University and the University of Tübingen and accompanied it over many years with great personal commitment. In 2005, he organised the joint conference of the German Rectors' Conference and the Polish Rectors' Conference in Kracow, long before our cooperation intensified through our joint membership in The Guild.

The dedicated and successful work of Professor Ziejka as an outstanding scientist and long-standing Rector of the Jagiellonian University and his solidarity with our University will be remembered with deep gratitude.

The University of Tübingen shares your grief and will keep an honourable memory of him.

With best wishes and kindest regards,
Yours

Professor Dr. Bernd Engler
